

REMARKS

Claims 6 and 8-12 were allowed and renumbered 1-6. Applicant has made two minor amendments to original Claim 8 (now Claim 2). Applicant respectfully requests that these amendments be entered.

In addition to confirmation of the Examiner's Amendment of original Claim 6 (now Claim 1) provided in Applicants' Interview Summary dated 25 August 2009, Applicant also confirms authorization of the Examiner's Amendment of original Claim 10 (now Claim 8) as set forth in the paper mailed October 9, 2009.

Finally, since prosecution of this application resulted in the amendment or cancellation of claims so that fewer than all of the currently named inventors are the actual inventors of the invention being claimed, an amendment is being filed concurrently herewith requesting deletion of the names of persons who are not inventors of the invention being claimed. A new Application Data Sheet is also being submitted reflecting this correction.

Respectfully submitted,

/Linda D. Birch/
